Route for Review $\frac{1}{2}$
Comments, if any.
We should all get
down sometime to
look at the areas,
probably in the Spring.

- release for regrading

~~Checkin plan, to leave in place~~

~~Stock road -~~

- coarse tails pile

12-15-80

Jim,

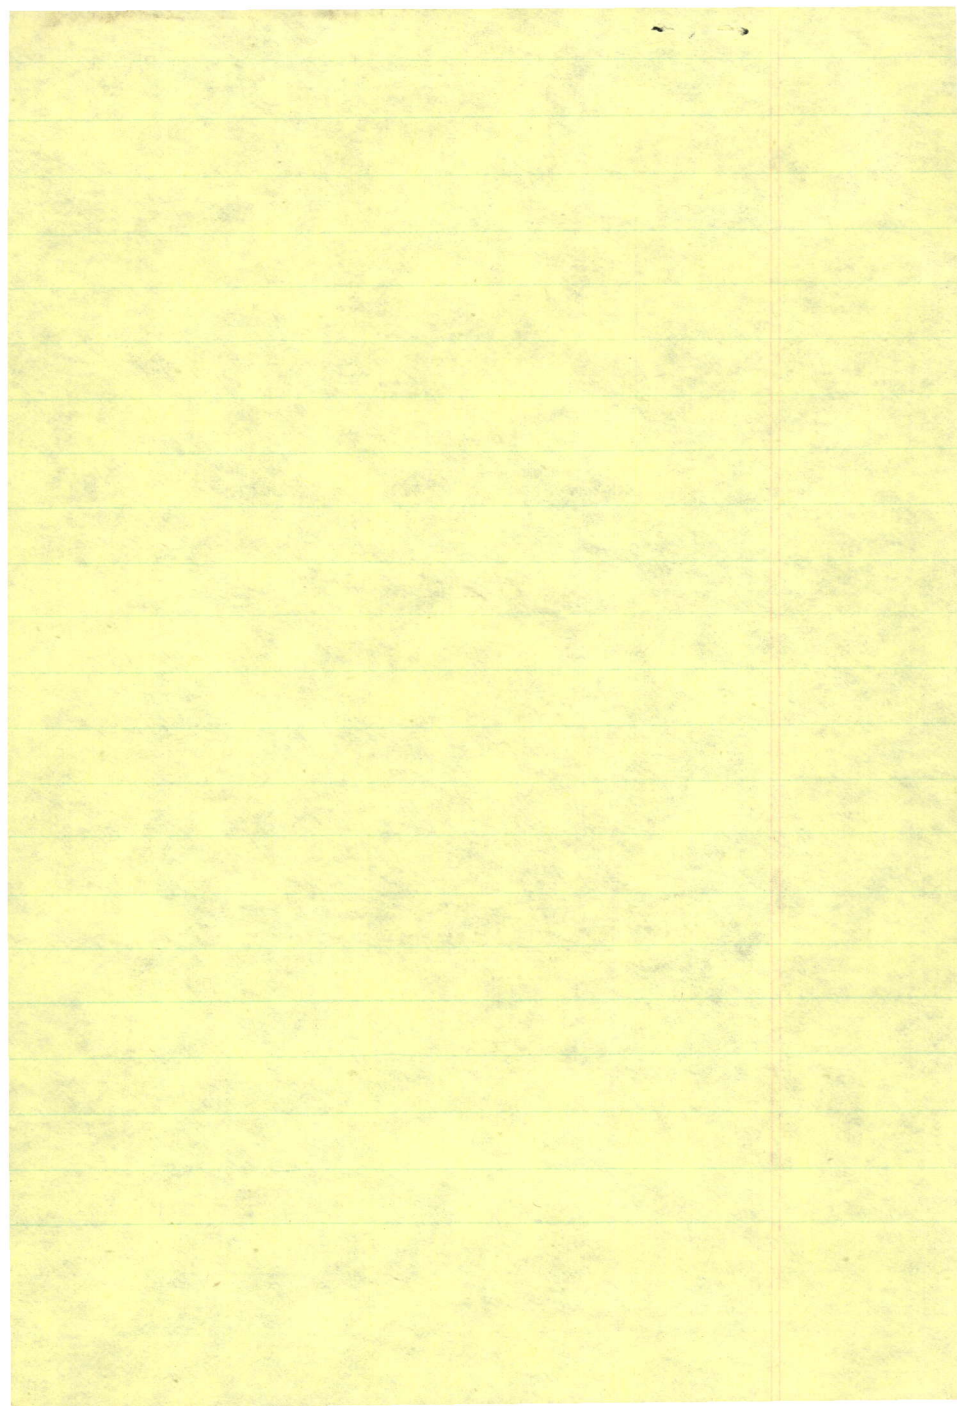

I have made a basic review of UTT's reclamation work.

Ron that it would be a good training exercise to work over with Tom & Sandy - maybe while Joe's gone - then they could help me.

Ron suggests we release them for grading & facility removal then still hold for seeding, reseeding.

So what do ya' think
- ok?

MS

Route to Tom + Sandy for
review.

Please familiarize yourselves with
this + their original mine plan +
let me know a date (sometime
in Feb.) that we can go over
this + decide how much of
the bond to release.
